

9th December 2015

To ALL Bidders,

REF: REQUEST FOR PROPOSAL FOR THE PROVISION OF CONSULTANCY SERVICES TO UNDERTAKE TELECOMMUNICATION COMPETITION MARKET STUDY IN KENYA: CA/PROC RFP/07/2015-2016

We have received request for clarification in reference to the above mentioned tender. Below are the responses to the questions raised.

Question 1.

The ITT states that the consultancy service is expected to take a maximum of 12 working weeks. This timeline appears ambitious if it needs to include time for the operators to respond to an information request and time for stakeholders to comment on the consultants' proposals.

- a. What period of time does the CA recommend allowing for operators to respond to the information request?
- b. As well as providing feedback at the stakeholder workshop, does the CA plan to allow a period for operators to submit formal written comments on the draft proposals and remedies? If so, how long will this period be?
- c. If, based on the answers to the above questions, we still believe that 12 weeks is insufficient to complete the study, would you be willing to entertain tenders that propose a time period that is longer than 12 weeks?

CA Response

The Authority has re-looked at the requests based on past experience and extends the delivery period from 12 weeks to 16 weeks.

The new closing date is 6th January 2016 at 2.30pm East Africa time.

Yours faithfully,

COMMUNICATIONS AUTHORITY OF KENYA

Mrs. Joyce Nyanamba
BOR: DIRECTOR GENERAL
