

ADDENDUM NO. 1 TO DETERMINATION NO.1 OF 2013 ON COST-BASED TERRESTRIAL DIGITAL BROADCASTING SIGNAL DISTRIBUTION TARIFF

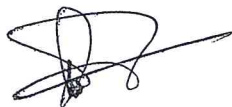

1. INTRODUCTION

The Commission issued the Determination No.1 on Cost-Based Terrestrial Digital Broadcasting Signal Distribution Tariff on 16th December, 2013. The Determination was made pursuant to section 46 A (a), (d) and (g) of the Kenya Information and Communications (Broadcasting) Regulations, 2009 (Broadcasting Regulations) and Regulation 3 of the Kenya Information and Communication (Tariff) Regulation, 2010 (hereinafter referred to as the Regulations).

The primary objective of the Determination was to ensure the development of a cost-based tariff structure that would give the Signal Distributors a reasonable return on their investment without levying unjustifiably high charges on content providers, thereby constraining access to the digital platform to the detriment of the consumer.

2. CLARIFICATION TO THE DETERMINATION NO. 1 OF 2013

This addendum seeks to clarify that the charges contained in the Determination No. 1 of 2013 are maximum tariffs that shall be levied on content providers on monthly basis. In this regard, the Signal Distributors shall charge a maximum of **KES. 125,993.50 Per Mbit per Month** for Nairobi and **KES. 93,202.75 Per Mbit per Month** for other sites in Kenya. This addendum shall be read together with the Determination as appropriate.

Dated this *10th*.....day of *December*..... 2013

Mutua Muthusi
